THE RECORD IS THE OFFICIAL PAPER OF THE COUNTY OF CHAVES AND THE CITY OF ROSWELL.

All advertisements to insure insertion in the same day's issue of The Record should be in the printer's hands before eleven o'clock in the morning. Orders for taking out any standing ad. should also be in the office by eleven o'clock to prevent its being run that day.

With her usual modesty, Germany is claiming credit for the victories of the Japanese.

Wheat has taken a big drop, the transaction evidently being caused by speculation.

The news of the death of Joseph Jefferson will be received with sorrow in every state and territory.

Where possible in Roswell, fences should be removed. The result will be to add greatly to the attractiveness of the city.

Czar Nicholas of Russia yesterday again promised to speedily convene the representatives of the people of Russia. The Czar appears to be a man of many promises and few fulfillments.

Under a ruling of the postoffice department, taking effect September 1st, the "Yellow" newspapers will be compelled to stop burdening the mails with all sorts of prize packages, such as sheet music, fans, paper dolls, etc.

The first part of the present week, the Pecos Valley, received a nice rain. Western New Mexico at the same time was in trouble with raging rivers and washouts. Colorado and Nebraska got eight inches of snow with all the attending discomforts. Truly, the Pecos Valley is a good place in which to live.

Should the next Congress pass a joint statehood bill, its acceptance by the people of New Mexico, by an overwhelming vote, despite the deliverance of Federal office holders, would take place. The people of this Territory want statehood, and they will yet secure it, the efforts of a certain clique of grafters to the contrary notwithstanding.

THAT RELIEF BILL.

Mr. Catron has successfully tied up the flood relief bill through an injunction and he has Uncle Bill's best wishes that he succeed in knocking it out entirely. It was unconstitutional, pernicious and extravagant. The amount appropriated could not possibly have been spread out so as to aid all and do a bit of good.

I believe it was figured out recently that taking San Miguel county's pro rata of it and dividing it up amongst the legitimate flood sufferers, each person would get about \$4.

The greatest joke of the whole

thing, however, is that on account of Chaves county being left out of the original relief bill Senator Charlie Ballard got on the war path and swore vengeance on everything and everybody. So later in the session they patched up a place and as a sort of "sop to Cerberus" they shovelled through a special bill giving Chaves county a clean \$3,000 for their sufferers.

When Mr. Catron started his suit he only named the main bill, and if he Chaves county people are up to snuff—and they are not slow down there—they will get their fingers on to that 3,000 pesos just as quick as they can before Catron's suit is decided and have the money well scattered out amongst the needy in Chaves county.

"Rah for Ballard—the lone Democrat from the Pecos. He wasn't so few after all, was he?"—Raton Range.

STATE CONVENTION.

Pennsylvania Republicans Meet to Nominate Candidates.

Harrisburg, Pa., April 26.—Four hundred and twenty-five delegates and as many alternates to the Republican state convention assembled in the Lyceum Theatre this morning and were called to order shortly after ten o'clock by Senator Penrose, chairman of the state committee. The forenoon was occupied with the appointment of committees and other work attending the permanent organization. Upon re-assembling after recess the convention will proceed to the business of nominating three candidates for the state supreme court and a candidate for state treasurer. All indications point to a harmonious gathering. The machine is in entire control of the convention and its slate will probably be run through without serious opposition. This means the re-nomination of Chief Judge Rice and Judges Orlady and Beaver for the judicial positions and the nomination of J. Lee Plummer of Blair county, for state treasurer.

LATER:—The following ticket was today nominated by acclamation: For state treasurer, J. Lee Plummer; for superior court judges, Presiding Justice Charles E. Rice, Judge George B. Orlady, and Judge James A. Beaver. All the judges are at present members of the court. W. R. Andrews, of Meadville, secretary of the Republican state committee, was elected state chairman of the state committee to succeed Senator Melrose who declined to again be a candidate.

World's Y. M. C. A. Conference.

Paris, April 26.—With songs of thanksgiving, followed by a season of solemn prayer, the world's conference of the Young Men's Christian Association was opened in Paris today. Conference is attended by delegates from more than twenty-five countries. At the formal opening a great reception was given to Sir George Williams, of England, whose personal efforts in getting together a little band of young men in London more than half a century ago resulted in the establishment of the organization which now has a world-wide membership.

Y. W. C. A. Workers.

Detroit, Mich., April 26.—The opening session of the tenth biennial convention of the American Committee of the Young Women's Christian Association was held in the Association building in this city this afternoon. Three hundred delegates were present representing an aggregate membership of 85,000 young women. The work of the conference, which will be in session five days, will be Bible study and discussion of Association work in college, city and mission fields. Mrs. E. W. Moore, of London, representing the World's Committee of the Association, is the special guest of the conference.

Hon. J. Q. Cameron came up from Carlsbad Tuesday on business.

MAN WITH INTERESTING STORY.

First Cousin of Robert E. Lee Makes Roswell a Visit.

Roswell was visited yesterday by a man who claimed to be the first cousin of the great General Robert E. Lee. He said that his and General Lee's father were brothers. This and many other interesting things were told to a Record reporter yesterday by the visitor, before he left Roswell on his way to Artesia, from where he expected to go to other points in the territory and to Colorado.

The visitor said he was Wm. B. Lee, of St. Louis, Md. He has been on the road for some time, having left his home in St. Louis several weeks ago for his old home and native town, Staunton, Va. He visited in Staunton, Lexington, Covington and other Virginia towns, where he has many relatives and from there took a southern route and came into Texas and New Mexico on a sight-seeing trip, and thus his presence in Roswell is explained.

Claiming to be 94 years old, Mr. Lee looked the part in every particular except that his eyes were as bright as those of a boy. He was erect and of dignified bearing, but his long hair and flowing beard were white as snow and as soft as silk, giving him the appearance of the pictured prophets of old.

To a reporter Mr. Lee said: "Yes, I am 94 years old, and what is more, my wife, to whom I was married when young, is living and well. We have nine boys and seven girls, all well and happy and although they are scattered over several states, we always gather once a year and then there are 18 of my own family at the table. I am an un-reconstructed Rebel, and if any of my nine boys were to vote anything but the Democratic ticket I would disown him and cut his name out of my will. Every member of my family is a loyal Presbyterian, and that is a fact of which I am proud."

Mr. Lee is a man of considerable means and has property in St. Louis. He stated that he was formerly wealthy and speaking of how he lost part of his money said: "I dropped part of my fortune during the land boom at Glasgow, Va., twelve years ago. At that time I had the honor of being swindled out of \$50,000 by one Grover Cleveland and Fitzhugh Lee, who though a relative and prominent in political circles, is no friend of mine. I would not speak to him if I met him on the streets of Roswell today."

"I had an exciting experience at Waco, Tex., a few nights ago. While in my room at a hotel, I was chloroformed and robbed of \$197. I had to borrow money of a friend in order to continue my trip. You notice that my breath is a little labored? Well it is the result of the chloroform, the effect of which has not entirely worn away."

The old man was of interesting appearance, as well as an interesting conversationalist, and he attracted considerable attention as he boarded the train for Artesia.

HOW SHE APPEARS.

Nan Patterson Has Apparently Recovered and Faces Trial Bravely.

New York, April 25.—Nan Patterson apparently had fully recovered from her indisposition of yesterday when she appeared in court today for the continuance of her trial for the murder of Caesar Young. There was color in her cheeks and she seemed to be in excellent spirits when she entered the court room and took her seat at the counsel table. The plain black suit which she has worn during this and the previous trials had been discarded, and in its place she wore a black and white checked dress and a rough lace hat with a white lining. The revolver with which it is alleged that Young was killed, made its appearance as soon as the trial was resumed. It had been identified yesterday by several witnesses as the weapon found in Young's pocket soon after the tragedy and today the line of identification was followed down to the time it was brought into court.

GRADING SECOND STREET ROAD.

The Road is in Fine Shape and Work With the Drag Will Easily Keep it in Good Condition.

The work of grading the Second street road east of Roswell, has been under way several days and the highway is getting in splendid condition. The work was paid for by the county, the county commissioners having given \$500 to the cause. Work with a drag should keep the road in good condition from now on. The Roswell Commercial Club will endeavor to furnish enough drags to keep this strip of road in proper shape as an object lesson.

President Ayres Installed.

Knoxville, Tenn., April 26.—Knoxville was garbed in orange and white,

the university colors, today, marking the inauguration of a new president of the University of Tennessee, Dr. Brown Ayres. The Governor of Tennessee presented the symbols of authority, the keys of the university, and a Bible, to the new president, whom he formally introduced to the large assembly. Following the inaugural speech of President Ayres, congratulatory addresses were delivered on behalf of the faculty, students and alumni and by a number of the visiting educators.

Presbyterian Missions.

Muscoogee, I. T., April 26.—The Presbyterian Women's Board of Foreign Missions of the Southwest, began its annual meeting here today with a full attendance from all the Presbyteries. It is the 28th annual meeting of the Board. Reports prepared for presentation to the meeting show an unusually large contribution for the year, the total exceeding \$20,000, of which \$4,000 was collected for the Chow Fu hospital in China. The board will continue in session over tomorrow.

Chamberlain's Cough Remedy the Best and Most Popular.

"Mothers buy it for croupy children, railroad men buy it for severe coughs and elderly people buy it for la grippe," say Moore Bros., Eldon, Iowa. "We sell more of Chamberlain's Cough Remedy than any other kind. It seems to have taken the lead over several other good brands." There is no question but this medicine is the best that can be procured for coughs and colds, whether it be a child or an adult that is afflicted. It always cures and cures quickly. Sold by all druggists.

Confederate Monument Unveiled Birmingham, Ala., April 26.—With impressive ceremonies and in the presence of a large crowd the Confederate monument in Capitol Park was unveiled today. The unveiling was preceded by a large parade of Confederate veterans and members of other organizations.

Presbyterian Missions.

Des Moines, Ia., April 25.—The Woman's Presbyterian Board of Missions of the Northwest began its annual meeting in this city today, with headquarters at the Central Presbyterian church. More than a dozen states are represented among the delegates who number between three and four hundred. Reports prepared for presentation to the convention show that the past year has been one of great activity in regards to the mission work of the church, both in the home and foreign fields.

About Rheumatism.

There are a few diseases that inflict more torture than rheumatism and there is probably no disease for which such a varied and useless lot of remedies have been suggested. To say that it can be cured is, therefore, a bold statement to make, but Chamberlain's Pain Balm, which enjoys an extensive sale, has met with great success in the treatment of this disease. One application of Pain Balm will relieve the pain, and hundreds have testified to permanent cure by its use. Why suffer when Pain Balm affords such quick relief and costs but a trifle for sale by all druggists.

A BAG OF GOLD

sounds well in a novel, but it is an awkward thing to keep in the house or store. It is a constant source of worry to you and temptation to others. Better deposit it in THE CITIZEN'S NATIONAL BANK. There it will be safe and at the same time always at your command. And it will form a nucleus of what may grow into a very large account. So whether the bag be large or small, and even if it contains bills instead of gold, you'd better deposit it here.
